MEMORANDUM FOR : Director of Operations

25X1

Attention: [redacted]

SUBJECT : Accident Reporting and Investigating Procedure

1. Attached hereto are my copies of correspondence relating to the ARIP. It will be noted that [redacted] has visited [redacted] at Merton AFB and discussed this document with him. Although several of the suggested changes are minor, I feel that it is important to cooperate with [redacted] and make the changes according to his desires. Another point not covered in this procedure is the subject of civilian aircraft involved in the Project. This should probably be included in a short paragraph in this document.
